TRUSTEES' REPORT
FOR THE YEAR ENDED 31 AUGUST 2025

The Trustees present their annual report together with the financial statements and auditors' report of the charitable company for the year 1 September 2024 to 31 August 2025. The annual report serves the purposes of both a Trustees' report and a directors' report under company law.

During the year the Trust has continued to operate thirty-six schools in total for pupils aged 5 to 18, constituting six secondary, and thirty primary academies across Nottingham, Nottinghamshire, Derbyshire, Lincolnshire, North Lincolnshire and North-East Lincolnshire. The Trust's academies have a combined capacity for pupils aged 5 to 18 of 13,109 and had a roll of 12,681 in the school census on 3rd October 2024.

Structure, governance and management

a. Constitution

The Trust is a charitable company limited by guarantee and an exempt charity.

The charitable company's Memorandum of Association dated 15 August 2011 is the primary governing document of the Trust.

The Trustees of Our Lady of Lourdes Catholic Multi-Academy Trust are also the directors of the charitable company for the purposes of company law.

The charitable company is known as Our Lady of Lourdes Catholic Multi-Academy Trust.

Details of the Trustees who served during the year, and to the date these accounts are approved are included in the Reference and administrative details on page 1.

b. Members' liability

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

c. Trustees' indemnities

During the year the Directors and Trustees were covered by an insurance policy provided by the RPA. As part of this policy the Directors, Trustees and Governors receive an unlimited indemnity.

d. Method of recruitment and appointment or election of Trustees

The Trust Board shall comprise of Directors of the Trust. The number of Trustees shall be not less than three, but (unless otherwise determined by ordinary resolution) shall not be subject to any maximum. All Trustees shall, upon their appointment or election and before exercising any duties as a Director, give a written undertaking to the Trustees and the Diocesan Bishop to uphold the Object of the Academy Trust.

The Company shall have the following Trustees:

- Foundation Directors appointed by the Diocesan Bishop. The number of Foundation Directors should at all times exceed the other Directors (including any co-opted Directors) by at least two
- Directors appointed by the Directors through such process as they determine
- A minimum of two parent directors appointed by the Directors whether after election or each local governing body will include at least two Parent Local Governors
- Co-opted Directors

We regularly review the composition of the Trust Board, considering both the number of Directors and the range of skills represented. The current size of the Board is a concern given the size of the Trust, and we actively work with the Nottingham Roman Catholic Diocesan Education Service (NRCDES) to help address this challenge and ensure appropriate appointments are made.

Our recruitment approach is strategic, focusing on the skills and expertise required to strengthen the Board. We work closely with NRCDES, who facilitate appointments on behalf of the Foundation, ensuring alignment with diocesan expectations and governance standards.

To identify suitable candidates, several mechanisms are in place:

- Calling Foundation Governors events are arranged periodically, providing opportunities to meet potential candidates and encourage them to consider Foundation Director roles.
- The Bishop engages with local parishes, helping to identify individuals with the necessary commitment and capability to serve as Foundation Directors.

Through these processes, we aim to maintain a Board that is both sufficiently resourced in terms of numbers and equipped with the skills needed to govern effectively.

Further details on the appointment of Trustees are found in the Articles of Association.

e. Policies adopted for the induction and training of Trustees

The training and induction provided for new Trustees is on two levels, that of the Trust Executive Committee and the Local Board of Trustees of each constituent Academy. The broad policy depends on the level of existing experience. Where necessary, induction and training will be provided on all matters pertaining to the Academy operation, in particular to educational, legal and financial matters.

All Trustees are expected to undertake an annual programme of training. Over the last 12 months this programme has included:

- The Academy Trust Handbook
- The role of a foundation director in a Catholic MAT
- Supporting and Challenging CEO performance
- Employee Growth and Development
- Guarding the mission
- Safeguarding
- Catholic School Inspections

Over the next year the Trustees training will focus on:

- Safeguarding
- The Academy Trust Handbook
- Special Educational Needs
- The Ofsted Framework
- Catholic School Inspections

f. Organisational structure

The Our Lady of Lourdes Catholic Multi-Academy Trust is a Multi-Academy Trust comprising of thirty-six constituent academies, namely:

- All Saints Catholic Voluntary Academy
- Blessed Robert Widmerpool Catholic Primary and Nursery School
- Christ The King Voluntary Academy
- Holy Cross Primary Catholic Voluntary Academy
- Holy Trinity Catholic Voluntary Academy
- Our Lady of Good Counsel Catholic Academy
- Our Lady of Lincoln Catholic Academy
- Our Lady & St Edward Primary & Nursery Catholic Voluntary Academy
- Our Lady of Perpetual Succour Catholic Primary School
- St Augustine Webster Catholic Academy
- St Augustine's Catholic Academy
- St Augustine's Catholic Primary and Nursery School, A Voluntary Academy
- St Bede's Catholic Academy
- St Bernadette's Catholic Academy
- St Edmund Campion Catholic Primary School
- St Hugh's Catholic Academy
- St Joseph's Catholic Academy
- St Joseph's Catholic Primary and Nursery School
- St Joseph's Catholic Primary School, A Voluntary Academy
- St Margaret Clitherow Catholic Primary School
- St Mary's Catholic Academy (Boston)
- St Mary's Catholic Academy (Brigg)
- St Mary's Catholic Academy (Grantham)
- St Mary's Catholic Academy (Grimsby)
- St Mary's Catholic Primary School
- St Norbert's Catholic Academy (Spalding)
- St Norbert's Catholic Academy (Crowle)
- St Patrick's Catholic Primary and Nursery School
- St Patrick's Catholic Primary School, A Voluntary Academy
- St Peter & St Paul Catholic Academy
- St Philip Neri With St Bede Catholic Voluntary Academy
- St Teresa's Catholic Primary School
- The Becket School
- The Good Shepherd Catholic Primary, Arnold
- The Trinity Catholic School, A Voluntary Academy
- The Sacred Heart Primary Catholic Voluntary Academy

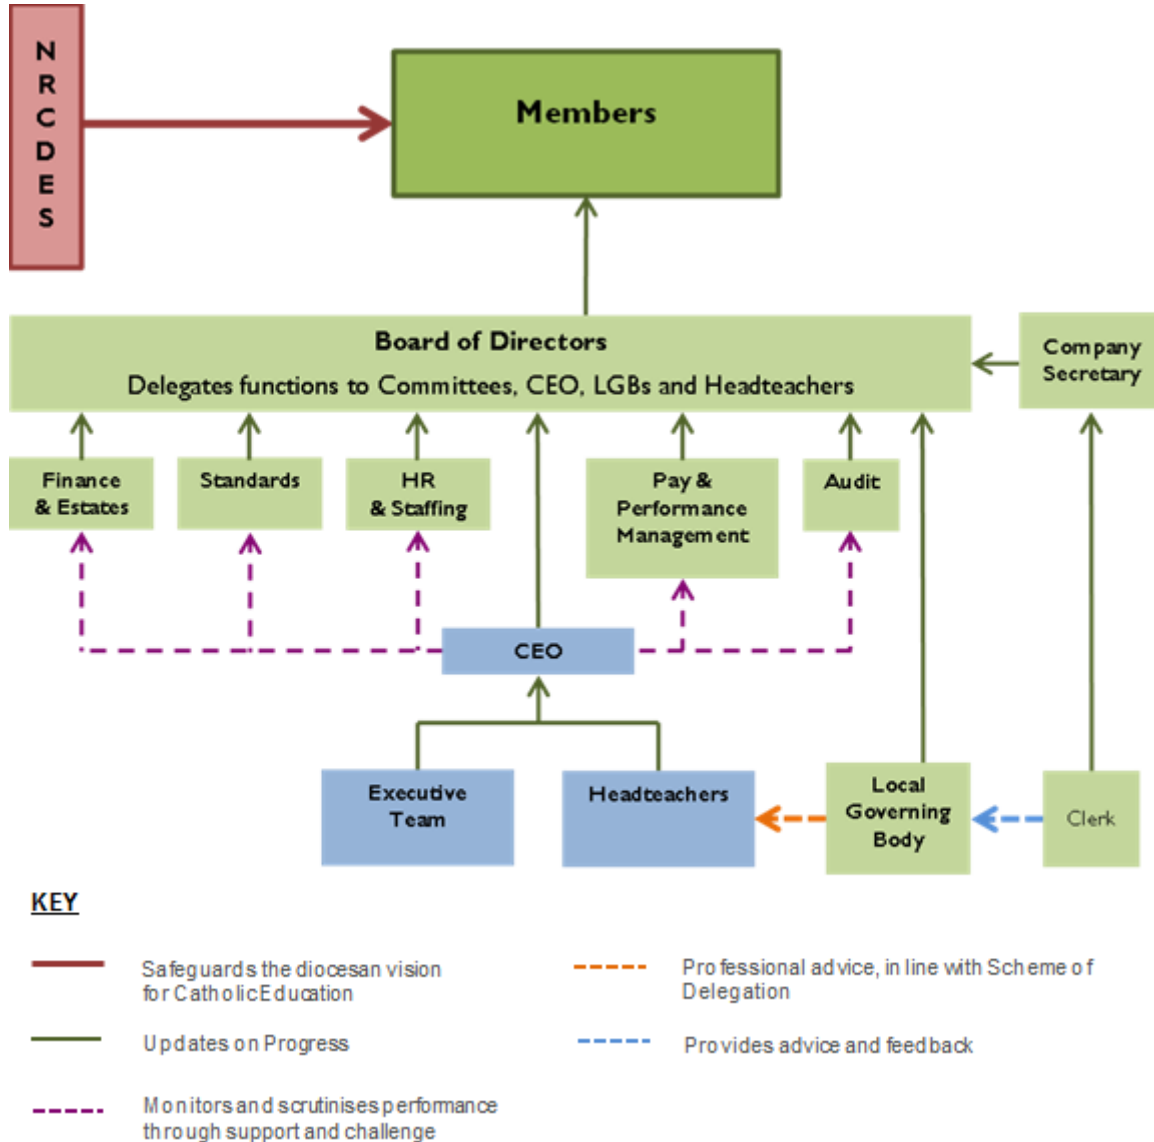

Each of these schools before conversion to Academy status was a Voluntary Aided School in the Trusteeship of the Roman Catholic Diocese of Nottingham.

The Diocesan Board of Directors gave its consent to convert to Academy status after careful consideration of the issues involved. The Articles of Association allow for the Bishop of Nottingham to appoint Foundation Directors to the Trust, ensuring that the teachings of the Roman Catholic faith are upheld by the constituent academies of the Multi-Academy Trust.

FOR THE YEAR ENDED 31 AUGUST 2025

Structure, governance and management (continued)

The Scheme of Delegation outlines the governance structure and lines of accountability. As a charity and company limited by guarantee, the Catholic Multi-Academy Trust Company is governed by the Board of Directors which is responsible for and oversees the management and administration of the Catholic Multi-Academy Trust Company and the academies within it. The Directors have overall responsibility and ultimate decision-making authority for all the work of the Catholic Multi-Academy Trust Company. These responsibilities are largely carried out through strategic planning and the setting of policy.

The Members (one of whom is the Bishop of Nottingham) appoint (and remove) the Directors.

The Catholic Multi-Academy Trust Company Board of Directors is responsible for the following core functions:

- ensuring clarity of vision, Catholic ethos and strategic direction;
- holding the Chief Executive Officer to account for the educational performance of the Trust's academies, their pupils, and the performance management of staff;
- overseeing the financial performance of the Catholic Multi-Academy Trust Company and making sure its money is well spent.

Structure, governance and management (continued)

The Board appoints the CEO, to whom it delegates responsibility for delivery of the vision and strategy and will hold the CEO to account for the conduct and performance of the Catholic Multi-Academy Trust, including the performance of the academies within the Trust, and for its financial management.

In turn, the CEO line manages other senior executives and the Headteachers, setting their targets and performance managing them.

The Trust has both an Audit Committee made up of six directors and a Finance Committee made up of five directors. These committees hold to account the work of the Accounting Officer and Chief Financial Officer and report any findings to the Board of Directors each half term.

Each constituent Academy has a Local Governing Body to which the Board of Directors delegates power via the approved Scheme of Delegation.

g. Arrangements for setting pay and remuneration of key management personnel

Recommendations for CEO and Executive Pay are made by the Diocesan Executive Pay Review Committee.

This is a Diocesan level sub-committee of the Members and comprises:

- The Chairs of the Trust Boards of the four Catholic Multi-Academy Trusts operating within the Diocese of Nottingham
- The Episcopal Vicar for Education
- Diocesan Director of Education and HR Director as advisor

Pay recommendations are to be made by the Executive Pay Review Committee to the Trust Boards, on an annual basis and in accordance with the CEO pay policy. The CEO Pay Policy details the criteria to be considered in making pay recommendations. This includes taking into account any cost of living rises in the public sector (particularly schools), benchmarking where information is available and taking into consideration best practice guidance from the Department of Education and other relevant bodies.

The pay of the Headteachers, Deputy Head Teachers and Assistant Head Teachers is by reference to the Standard Teacher's Pay and Conditions document and in accordance with performance management process.

The setting of support staff pay, including key managerial roles in HR, Finance and IT, is in accordance with the National Joint Council pay scales.

j. Engagement with employees (including disabled persons)

Employees have been consulted on issues of concern to them by means of regular consultative committees and staff meetings and have been kept informed on specific matters directly by school and Trust executive leaders. We have sought views of Headteachers on a range of improvement priorities and built their views into the shaping of the new Trust Strategic Plan. Staffing has formed a key part of our work this year and is collected through working parties and networks. Key focus areas this year have been on workload, the use of AI and adult and pupil mental health and well-being. The Trust offers exit interviews for all staff leaving the organisation and has adopted a procedure of upward feedback for senior management and the Trustees.

During the year we sought feedback on our centrally provided services from school leaders and the local governing bodies. We issued a survey to all colleagues across the entire trust and in response have established a number of employee led working groups to follow up on key issues including the priority areas of mental health and wellbeing.

The outcomes of both these surveys help us to celebrate our successes as well as providing meaningful data to improve services, support our teams and sustain a happy productive workforce.

The Trust is an equal opportunities employer whose policy is to support recruitment of students and employees with disabilities. The Trust supports this by adapting the physical environment wherever possible, by making support resources available, through training and career development and utilising equality impact assessments where required. New buildings and improvements to existing buildings all recognise the need to be fully DDA compliant.

The Trust has implemented a number of detailed policies in relation to all aspects of personnel matters including:

- Equal opportunities policy
- Health & safety policy

In accordance with the Trust's equal opportunities policy, the Trust has long-established fair employment practices in the recruitment, selection, retention and training of disabled staff.

Full details of these policies are available from the Trust's offices.

k. Engagement with suppliers, customers and others in a business relationship with the Trust

The Trust actively looks to establish strong working relationships with suppliers, customers and other businesses, particularly those located within the geographical area covered by the Trust. The Trust is committed to treating businesses fairly and ethically and this is demonstrated in our commitment to pay suppliers within 28 days of receipt of invoice.

The Trust continues to maintain Trust wide contracts with Aspens for catering and Nottinghamshire County Council for cleaning services (post the reporting period this contract has been novated to Vertas). These are two significant contracts for the Trust, and we continue to build strong and successful partnerships with Aspens and Nottinghamshire County Council.

Our procurement strategy sets out an ambition to establish preferred supplier agreements in a number of key areas and we will be looking to progress this strategy over the next year, with early focus on limited supply contracts. These arrangements allow the Trust to work closer with the organisations to ensure services are improved and the trust receives maximum value for money. Where possible, these relationships are with local suppliers and providers and therefore directly beneficial to the local community

We are committed to engaging with our key stakeholder group of young people and their families. In addition to learning and teaching we engage with them almost daily on multiple levels through a variety of media channels including face to face, telephone, email, text, letter, and social media. Engagement may be on a one-to-one basis or group-based engagement on upcoming events, news, developments within our schools and performance.

The MAT has regularly engaged with the Department for Education, working with colleagues in the Schools Financial Support and Oversight team and participating in the school resource management advisor programme.

The Trust actively forms relationships with other MATs, particularly those within the Catholic sector. The core executive team has supported new and growing MATs, providing support, guidance and professional advice.

Objectives and activities

a. Objects and aims

In accordance with the Articles of Association of the Trust, the principal activities of the Trust are defined by its objects, namely:

- a) the establishing, maintaining, carrying on, managing and developing of Catholic schools in the United Kingdom conducted in accordance with the principles, and subject to the regulations and discipline of the Catholic Church; and subject to the approval of the Diocesan Bishop and as purely ancillary to the above, the establishing, maintaining, carrying on, managing and developing of other schools in the United Kingdom.
- (b) promoting for the benefit of the inhabitants of the areas in which the Academies are situated the provision of facilities for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age, infirmity or disablement, financial hardship or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving the condition of life of the said inhabitants.

The Academies in the Trust also engage in activities which promote the Roman Catholic faith and works as determined by the universal and particular law of the Roman Catholic Church, including, but not limited to, the charitable purposes of the Church in any part of the world.

b. Objectives, strategies and activities

Our Lady of Lourdes Catholic Multi-Academy Trust was formed on 1 September 2018 of the 21 Catholic primary and secondary schools in Nottingham City and Nottinghamshire. The 15 Catholic schools in Lincolnshire joined OLoL on 1 September 2022, creating a Trust of 36 Catholic schools. We place the person and teachings of Christ at the centre of everything we do and work in close partnership with the Diocese of Nottingham and our sister Catholic MATs.

During the year we have developed and published a revised three-year strategic plan:

Shaping our Trust Strategy

This Strategic Plan sets out our ambitions for our pupils, their families, our staff, our parishes and the wider communities we serve.

It outlines how our mission statement and our Bishop's priorities underpin our strategic priorities and how our ambitions for our Trust community are expressed in terms of values in action: **the virtues**.

```

Strategic plan 2022-2025

Our strategic priorities for 2022-2025 are:

- Theme 1** Follow the example of *Our Lady of Lourdes* by nurturing everyone in a spirit of compassion, service, and healing
- Theme 2** Work together so that we can all achieve our full potential, deepen our faith and realise our God-given talents

Foundation Stage developments

The Trust continued to develop facilities for nursery education. Through the government's School based nursery capital grant, we are continuing to explore opportunities to open nurseries at the remaining primary schools within the Trust that do not have a foundation one setting.

The table below sets out our 2024/25 assessment of Good Level of Development (GLD) at the end of Foundation stage.

b. Going concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the Trust has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

c. Promoting the success of the company

We are a partnership of Catholic schools and our aim is to provide the very best Catholic education for all in our community and so improve life changes through spiritual, academic and social development.

By placing the person and teachings of Jesus Christ at the centre of all that we do, we will:

- Follow the example of Our Lady of Lourdes by nurturing everyone in a spirit of compassion, service and healing
- Work together so that we can all achieve our full potential, deepen our faith and realise our God-given talents
- Make the world a better place, especially for the most vulnerable in our society, by doing 'little things with great love' (St Thérèse of Lisieux).

The Faith Foundations of our Trust place the person and teachings of Jesus Christ at the centre of all that we do. They are a living expression of Catholic Social Teaching and our virtues and everyone is invited to share in, and contribute to, the Catholic Life and Mission of our Trust.

Foundation 1: Encounter

We are all invited to **encounter** the love of Christ. We see the **human dignity** of all people and we **respect** and love everyone, 'as he has loved us'. We are grounded in sacrificial **love**, servant leadership and a **preferential option** for those less fortunate than ourselves.

Foundation 2: Discipleship

We are all called to **discipleship**, to grow in knowledge and understanding of faith, so that we can work for the **common good**. We are guided by the light of the Gospel to walk **humbly** with God and we help those around us to flourish in a spirit of **subsidiarity**.

Foundation 3: Missionary Discipleship

We are all sent out to be **Missionary Disciples**, to go into the world and proclaim the Good News. We are ambassadors of **hope**, standing in **solidarity** with the vulnerable and **attentive** to the needs of the world. We have the **courage** to say yes to our vocation and to be agents of change.

Our ambitions and strategic priorities are identified in three key themes:

Theme one: Creating a welcoming, safe, inclusive, and supportive Christ-centred community.

Our ambitions

Our Trust will be a place where everyone can encounter the love of Christ; where we put safeguarding and the safety of all at the heart of everything we do.

Our Trust will be a place where we will respect the unique human dignity, value and worth of each individual and empower those who lead to do so with humility and with behaviours rooted in our faith foundations. Our Trust will be a place where we help everyone to be happy and healthy and bring healing to those in need.

Strategic report (continued)

Achievements and performance (continued)

Our strategic priorities

1. **Consistently strong and vibrant provision for the Catholic life and mission of our Trust**, which is rooted in a Christ-centred culture which is accessible to all.
2. **Maintain an unswerving commitment to the safety, happiness, and well-being of all the young people in our care**, with a particular focus on those with additional needs and those who are in some way vulnerable (disadvantaged) or at the margins.
3. **Promote diversity and equity** in all that we do, so that everyone in our communities is valued, celebrated and has a strong sense of belonging.
4. **Develop, engage and retain our people**, attracting the very best, with a strong commitment to staff happiness and well-being.

Theme two: Providing outstanding Catholic education that enables all to flourish.

Our ambitions

Our Trust will be a place for discipleship; a place where we celebrate achievement and where we are attentive to the diversity of skills and talents in our community.

Our Trust will be a place of 'outstanding Catholic education' for all. Through an enriched curriculum, and the very best teaching, we will remove barriers to learning and stand in solidarity with the most vulnerable.

We will be a place that provides opportunities for all to flourish, where we celebrate unity in diversity, and where we help everyone to realise their vocation and achieve their very best outcomes.

Our strategic priorities

1. **Ensure our financial sustainability**, through prudent and responsible stewardship of our resources to provide lifechanging opportunities for all young people in our care.
2. **Deliver outstanding Catholic education in inspirational and sustainable learning environments**, through quality first teaching for all and an enriched curriculum that reflects local communities.
3. **Enable every young person to flourish** by removing barriers to learning and nurturing their God-given talents.
4. **Empower the growth and development of our staff** through high-quality CPD, formation and collaborative practice.

Theme three: Putting faith into action for the common good, within and beyond the Trust.

Our ambitions

Our Trust will be a place where we form Missionary Disciples, who joyfully put their faith into action.

Our Trust will be place where we engage in charitable works and give hope and support to all those in our school, parish, and global communities. Our Trust will be a place where we have a positive impact on the environment and where we instil in all, the courage to be an agent of change.

Our Trust will be a place where we celebrate 'little acts of kindness'. A place where everyone feels valued, cared for, and loved. We will be outward-facing and work to make the world a better place.

Our strategic priorities

1. **Live out the Catholic life and mission of the Trust** through service, charitable works and standing in solidarity with those less fortunate than ourselves.
2. **Continue to grow a culture of effective communication** with those within and beyond our Trust through a culture of active listening, dialogue and engagement, promoting a greater sense of community.
3. **Strengthen our partnerships** with parents, parishes and wider communities to help us achieve our goal of outstanding Catholic education for the benefit of all.
4. **Promote care for our common home** by working and living sustainably and inspiring positive action for change.

Financial review

a. Reserves policy and review

Our reserves policy reflects our strategic decision to pool our GAG, Capital, Reserves, and some other income streams.

It is the intention of the Trustees that unrestricted liquid reserves be equivalent to 5% to 10% of the Trust's normal operating income to ensure protection against both foreseen and unforeseen events which would place a strain on the day to day running of the Trust or its Academies. We may choose to build up additional reserves to fund capital projects and to cover the cost of significant property maintenance.

The Trust is reporting a slight decrease in reserves at the end of the 2024-25 financial period and is therefore operating with a reserve level of £5.691m or 5.9%, this is towards the bottom end of the aim stated above. £0.646m of this reserve is restricted SCA funding from the DfE and will be used for future condition improvement works to the school buildings. Pay awards across the previous 4 years have been significantly higher than increases to core grant funding and in addition to high levels of inflation this has placed considerable pressure on the Trust budget. As a result, the Trust continues to work to ensure the staffing establishment is efficient and non-staff costs are as lean as possible.

The Trust has a strong financial action plan in place which has already delivered a significant reduction in the staffing expenditure for 2024-25 and further reductions are planned for the next two years with a return to an in-year breakeven position forecast for 2026-27.

The Trust has restricted fixed asset funds of £20.859m. This includes tangible fixed assets with a net book value of £19.786m and £1.073m of funds that are committed to be spent on fixed asset additions. The source of these funds is an alumni donation and grant funding from a local charitable trust.

b. Investment policy

The Trust aims to invest surplus cash funds to optimise returns, but ensuring the investments are such that there is no risk to the loss of these cash funds. Cash deposits relating to amounts owned by the Trust may only be held in UK clearing banks unless specific approval is given by the Trustees.

All investment decisions are made by the Treasury Management Group, as approved by the Trust's Finance and Estates Committee and are made with consideration for the Catholic nature of the Academy Trust.

c. Principal risks and uncertainties

Risk Management

The Trustees are responsible for identifying the risks faced by the Academy Trust, establishing procedures to manage these risks, and ensuring that employees are aware of those procedures and of the implications in failing to execute them. At each meeting of the Audit Committee, the Trustees review and update a centralised Risk Register, delegating the day-to-day management of risk in each of the constituent Academies to the Local Governing Bodies. Risk management processes and practices are reviewed annually at each Academy.

Principal risks and actions to mitigate these risks

Risk: Failure of the Academy Trust to ensure adequate cyber security measures are in place.

Mitigation: The Trust has strong cyber security arrangements in place across all schools in the Trust. A rolling programme of cyber audits ensures any areas of concern are identified and addressed promptly.

Risk: Failure to ensure that the CMAT maintains overall financial control in relation to its income, expenditure and overall budget.

Mitigation: The Trust has strong processes for budget setting, monitoring and reporting in place and is implementing a financial recovery plan to bring the trust into annual balanced budget scenarios.

Risk: Failure to meet requirements of GDPR legislation.

Mitigation: The Trust has an appointed and fully trained Data Protection Officer who ensures the Trust complies with its policies and procedures, undertakes regular audits and reports any breaches or near misses to the audit and risk committee. An annual training programme ensures all staff are aware of the latest legislation.

Risk: Failure of the CMAT to recruit sufficient learners to make it viable.

Mitigation: The Trust operates a clear admissions policy alongside a strong marketing campaign to ensure that each of its constituent schools is full or extremely close to capacity. School leaders are supported with admissions tools and close working with Local Authorities helps understanding of demographics. Where numbers have reduced due to demographics we are implementing structures to support sustainable class sizes.

Risk: Failure to recruit and retain high quality Catholic leaders.

Mitigation: The Trust has implemented a talent management programme providing a fast track leadership academy, early access to roles for staff with high potential and a succession strategy to target future leaders.

Risk: Failure to ensure that procurement procedures are robust and compliant.

Mitigation: The Trust has an OJEU compliant procurement policy in place and maintains a contract register and tendering approaches inline with this policy. Key contracts are monitored against KPIs, and legal support is available as required.

Risk: Failure to comply with Statutory legislation regarding the school estate.

Mitigation: Qualified responsible person in place to support the Trust in complying with Health and Safety legislation. A programme of audits is in place and actions are logged and reported to the audit and risk committee this is supported by a proactive maintenance programme that ensures the schools and other premises are safe places for staff, pupils and visitors.

Risk: Failure to ensure that there is an effective culture of safeguarding across the organisation.

Mitigation: The Trust embeds a culture of keeping children safe, ensuring all staff, directors and governors engage in regular safeguarding training. The Deputy CEO has specific responsibility for safeguarding and works closely with the Director responsible for safeguarding to review practice across the Trust, ensuring policies, procedures, training and the single central record are up to date. Specialist training is provided for school designated safeguarding leads and all recruitment panels are supported by staff with safer recruitment training.

Risk: Failure to ensure that the school sites are maintained to enable good quality teaching and learning

Mitigation: Professional estates team in place to manage site maintenance and condition ensuring the schools and other premises are safe places for staff, pupils and visitors. A programme of condition surveys and audits are in place, with actions logged and reported to the audit and risk committee.

Risk: Failure to ensure that sufficient cash is available to pay staff, creditors and other commitments

Mitigation: The Trust prepares a rolling cash flow forecast to ensure it has sufficient funds available to meet its financial obligations through careful treasury management. Further, the Trust has KPIs in place to ensure it has the liquidity to pay creditors against the agreed terms of business.

d. Financial review

To enable our Trust to deliver its strategic plan we have adopted a shared approach to financial management, with funding pooled and managed centrally and smaller budgets allocated to Headteachers to meet the educational needs of each school.

This shared approach brings the following benefits:

- Gives the Trust with the opportunity to equitably share funding across its schools, removing inbuilt inequality within the current funding formula.
- Enables the Trust to target additional funding at schools with greater need.
- Ensures the Trust can respond quicker to schools that require additional support.
- Provides schools more stability and certainty, reducing the fluctuation in budgets that schools experience due to temporary changes in pupil numbers.
- Increased chaplaincy provision across the Trust to ensure that every young person has regular opportunity to celebrate their Catholic faith.
- Enables greater investment in centrally resourced posts to support schools, our young people and Headteachers.
- Reduces stress and improves wellbeing for Headteachers by removing the burden and pressure of managing challenging and difficult budgets.
- Increases the perception of the Trust as a single entity working in partnership to achieve a common goal rather than thirty-six distinct and separate schools.
- Reduces the burden on the central administrative team by simplifying the reporting requirements to the DfE and removing the need for complicated recharging of invoices between schools.

The Trust's main source of funding continues to be from the DfE. 90% of funding is received in the form of grants from the DfE, primarily on a per pupil basis and highlights the importance of maintaining and increasing the number of pupils on roll across our schools. Funding for nursery aged children is provided via local authorities, as is funding for SEND, which has increased by 12% in comparison to 2024 and indicates the growing instances of SEND across our schools. During the reporting period, the Trust received an alumni donation of £1m, which will be used to build a SEND block at St Bede's.

The Trust continues to experience significant inflationary pressures on operating costs. Increases to nationally agreed pay awards continued to be far greater than increases in government funding. The Trust has adopted nationally agreed pay awards for teachers at 4% and support staff via the NJC negotiations at 3.2%. The DfE continue to look to schools to find efficiencies within budgets to cover a significant percentage of these pay awards. In addition to pay, further inflationary increases in other goods and services, particularly around catering have resulted in a revenue deficit for the third academic year in a row, however this is significantly reduced compared to the previous reporting period. Strong historic reserves continue to provide protection, and the implementation of the Trust recovery action plan shows significant progress in returning the Trust to a balanced budget.

The SOFA is showing a surplus before recognised gains and losses on the Defined benefit pension schemes of £275,000, however this figure includes pension service costs of £764,000 and a net capital loss of £65,000. Adjusted for these two amounts, the normal operating costs of the Trust is showing a deficit of £424,000.

As such, the Trust's reserve balance is now at 5.9% of normal revenue income. Trust liquidity is still strong, with cash in the bank, including fixed term investments of 4 months or less, of £7,973,000 and a current ratio of 1.88.

Qualification and reporting methodology

We have followed the 2019 HM Government Environmental Reporting Guidelines. We have also used the GHG Reporting Protocol – Corporate Standard and have used the 2025 UK Government’s Conversion Factors for Company Reporting.

Intensity measurement

The chosen intensity measurement ratio is total gross emissions in metric tonnes CO2e per pupil, the recommended ratio for the sector.

Measure take to improve energy efficiency

The Trust introduced a number of measures to improve its energy efficiency:

- Continued a programme of work to install sustainable heating and electricity production systems in our schools in conjunction with the Public Sector Decarbonisation Scheme and Local Authorities.
- Additional electricity self-generation at a number of schools.
- Continue to work closely with responsible property officers to reduce gas consumption through heating systems

Fundraising

The majority of the Trust's income is received in the form of per pupil funding from the DFE. The Trust is active in marketing its schools to maximise pupil numbers and to ensure schools operate at full capacity.

The Trust actively seeks to maximise access to capital funding, ensuring that buildings and facilities can be developed and enhanced.

The Trust continues to raise additional funding through the provision of lettings, wrap around care and other fundraising activities.

The Trust does not use any external fundraisers. All fundraising undertaken during the year was monitored by the Trustees.

Plans for future periods

The Trust continues to focus on controlling and reducing its day-to-day operating costs to allow a return to an in year balanced budget. These limitations have affected the Trust's ability to continue with its strategic aim of increasing nursery provision, but we are accessing other government grants for wraparound care to help us in achieving this aim.

Our work on strengthening our support to young people with Special Educational Needs continues to develop, as we continue to see need increase exponentially. Work includes early development towards SEN hub modelling.

The Trust continues with its developments focused on Employee Growth and Development, Employee Wellbeing and the Trust's long term contribution to sustainability and Carbon Management.

Funds held as custodian on behalf of others

The Trust holds 16-19 bursary funding that is intended to remove barriers that are preventing students from accessing education. Any unspent funds held at the end of the reporting period are ringfenced for use in future periods.

Disclosure of information to auditors

Insofar as the Trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware, and
- that Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The Trustees' report, incorporating a strategic report, was approved by order of the Board of Trustees, as the company directors, on _____ and signed on its behalf by:

GOVERNANCE STATEMENT

Scope of responsibility

As Trustees, we acknowledge we have overall responsibility for ensuring that Our Lady of Lourdes Catholic Multi-Academy Trust has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

As Trustees, we have reviewed and taken account of the guidance in DfE's Governance Guide.

The Board of Trustees has delegated the day-to-day responsibility to the Chief Executive Officer, as accounting officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Our Lady of Lourdes Catholic Multi-Academy Trust and the Secretary of State for Education. They are also responsible for reporting to the Board of Trustees any material weaknesses or breakdowns in internal control.

Governance

The information on governance included here supplements that described in the Trustees' report and in the Statement of trustees' responsibilities. The Board of Trustees has formally met 7 times during the year.

During the 2024-25 academic year there were 2 resignations from the Board, reducing the number of Directors on the Trust Board to 8. The Board are actively looking to recruit additional Directors with the appropriate skill set to complement the existing expertise and add further strength and depth to the Board.

The Members' Meeting takes place on an annual basis and provides scrutiny of the Board's performance and effectiveness. The last being 23rd January 2025 at which a small number of areas of foci were recommended for the year ahead.

The NRCDES and CMAT will continue to liaise to produce an annual/biennial Board self assessment questionnaire.

The CMAT Board undertakes an annual programme of Foundation Director training focusing on key priorities and changes to legislation/regulation to support them in carrying out their roles most effectively. This training is cross CMAT to enable Directors to network and share best practice.

The majority of data presented to the CMAT Board is mostly via the Board sub committees. High quality data is presented by members of the CMAT Core Executive Team and/or Executive Team. While the data may provide context, when it is presented, there is emphasis on key priority areas, evaluation of risk, links to the wider strategic plan and KPIs.

The data presented is always under review with appropriate adaptations made to reflect changing priorities and Board requirements.

GOVERNANCE STATEMENT (CONTINUED)

Governance (continued)

Governance reviews:

Each local governing body undertakes skills audits biennially on alternate years to ensure the needs of the school are met and that the governing body is appropriately skilled to hold each individual school to account.

As part of the composition of the Executive Committee, the Bishop has the ability to appoint his own Trustees, thus ensuring the Catholic Foundation of the Academy Trust and its constituent academies.

The appointment of new directors to this Board has been in accordance with the Articles of Association. The membership has a broad expertise in education and finance ensuring that the objects of the Trust are being met at all levels.

The Trust requires all Directors, Local Governors, Head Teachers and Employees of the Trust to declare in writing any business and pecuniary interests, including any interests associated with close family members. Such interests are recorded in the register of business and pecuniary interests and published on the Trust's website. There is a requirement on any person present at a meeting of the Board or any of its sub-committees, including meetings of a Local Governing Body to declare a business interest direct or indirect. This relates to any contract, proposed contract or other matter that is being considered. The person must disclose the fact as soon as practicable at the meeting and must withdraw from the meeting during consideration and discussion of the contract or matter concerned. In addition, the person cannot vote on any question with respect to the contract or matter.

Annual declarations must be returned by Directors, Local Governors, Head Teachers or employees by the annual deadline of 30th September; however, the Trust should be informed of any changes to business interests as and when they occur throughout the year. The Directors engage in an annual training programme to continue to build their knowledge and experience. To ensure Local Governing Bodies are effective, each has a linked Director and minutes from meetings are reviewed to ensure an appropriate level of challenge.

The appointment of additional directors has ensured that the board continue to possess a wide range of skills.

There has not been a review of governance this year. The previous review took place in June 2024, with the next review due to take place by June 2026.

Governance – Local Governing Bodies

Effectiveness at Local Governing Body (LGB) level is shared termly with the CMAT Board. This effectiveness focuses on LGB membership, engagement, challenge and impact.

The LGBs have a suite of training to help support them in their roles. All Governors are invited to a termly CMAT Symposia to hear presentations on key topics and relevant updates.

On a biennial basis, Governors complete a Skills Audit and/or a Governor Self-Review survey, providing the necessary self-reflection and identifying areas for development.

The Finance and Estates Committee is a sub-committee of the main board of Trustees. Its purpose is to:

- hold to account and constructively challenge the Executive Team as to the effectiveness and impact of policy, proposals and practice in relation to the management and deployment of Trust resources;
- review benchmarking data in relation to the overall performance of the Trust in comparison to regional and national standards and to the performance of other comparable Trusts;
- provide oversight and assurance to the Trust Board as to the effective and appropriate management and use of Trust resources and to make recommendations to the Board in relation to these matters;
- consider and review detailed reports on the financial sustainability, human resource and estate management performance, practices and resources of the Trust;
- oversee all matters relating to health and safety within the Trust.

Review of value for money

As Accounting Officer, the Chief Executive Officer has responsibility for ensuring that the Trust delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes, as well as estates safety and management, achieved in return for the taxpayer resources received.

The Accounting Officer considers how the Trust's use of its resources has provided good value for money during each academic year, and reports to the board of Trustees where value for money can be improved, including the use of benchmarking data where appropriate. The accounting officer for the Trust has delivered improved value for money during the year by:

- A Quality Assurance System to measure results, monitor target academic achievement and calculate improvements throughout the Trust. The results of these assessments will be used to formulate the Trust Improvement Plan and the Annual Budget for the following academic year
- An ongoing analysis and review of attainment which form the basis of how the school deploys its assets for the maximising of educational attainment at the best value possible
- Aligning planned maintenance and the use of capital funding with data obtained through periodic condition surveys and health and safety audits to ensure the Trust's estate is safe, well-maintained and complies with regulations.
- The Governors and senior leaders in each school review the use of financial assets on a termly basis

GOVERNANCE STATEMENT (CONTINUED)

Review of value for money (continued)

- A commitment to internal control including:
 - Ensuring that all action plans are effectively budgeted
 - New resource procurement is subject to competition
 - Training is given to staff on effective capitation bidding within each school
 - Monitoring the effectiveness of major purchases by the Local Governing Body in line with raising standards and compliance with the School Improvement Plan
 - Ensuring each Local Governing Body is fully involved through the reporting of the Finance and that all Governors are kept informed of the financial position through termly reports
 - Full cooperation of the business management function with the appointed internal auditors.

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of Trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in Our Lady of Lourdes Catholic Multi-Academy Trust for the year 1 September 2024 to 31 August 2025 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The Board of Trustees has reviewed the key risks to which the Trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of Trustees is of the view that there is a formal ongoing process for identifying, evaluating and managing the Trust's significant risks that has been in place for the year 1 September 2024 to 31 August 2025 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Board of Trustees.

The risk and control framework

The Trust's system of internal control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the board of Trustees
- regular reviews by the Audit and Risk Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes
- setting targets to measure financial and other performance
- clearly defined purchasing (asset purchase or capital investment) guidelines
- identification and management of risks

The Board of Trustees has decided to employ Wgb Services LLP as internal auditor.

This option has been chosen because it provides value for money and the expertise to assure the board that the systems of internal control are effective. All audits resulted in a formal report of findings and, where necessary, recommendations for improvement. Actions have been agreed to address recommendations and have either been implemented or are in progress.

GOVERNANCE STATEMENT (CONTINUED)

The risk and control framework (continued)

The internal auditor's role includes giving advice on Governance, Risk Management and Control matters and performing a range of checks on the Trust's operational systems based on a comprehensive Audit Needs Assessment. The reviews carried out in the current period included:

- Cyber Security and ICT
- Procurement
- Internal Communications and Stakeholder Engagement
- Estates and use of Capital Funds
- Recruitment and Talent Management
- Follow up of prior year findings

On an annual basis, the internal auditor reports to the Board of Trustees through the Audit and Risk committee on the operation of the systems of control and on the discharge of the Trustees' financial responsibilities.

Wgb Services LLP has delivered their schedule of work as planned, and no material control issues were identified.

Review of effectiveness

As accounting officer, the Chief Executive Officer has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the internal auditor;
- the financial management and governance self-assessment process;
- the work of the executive managers within the Trust who have responsibility for the development and maintenance of the internal control framework.
- the work of the external auditors;
- correspondence from DfE e.g. FNtl/Ntl and 'minded to' letters.

The accounting officer has been advised of the implications of the result of their review of the system of internal control by the Audit and Risk committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Conclusion

Based on the advice of the audit and risk committee and the accounting officer, the board of trustees is of the opinion that the academy trust has an adequate and effective framework for governance, risk management and control.

STATEMENT OF REGULARITY, PROPRIETY AND COMPLIANCE

As Accounting Officer of Our Lady of Lourdes Catholic Multi-Academy Trust I confirm that I have had due regard to the framework of authorities governing regularity, propriety and compliance, including the trust's funding agreement with DfE, and the requirements of the Academy Trust Handbook, including responsibilities for estates safety and management. I have also considered my responsibility to notify the academy trust board of trustees and DfE of material irregularity, impropriety and non-compliance with terms and conditions of all funding, including for estates safety and management.

I confirm that I and the board of Trustees are able to identify any material irregular or improper use of all funds by the Trust, or material non-compliance with the framework of authorities.

I confirm that no instances of material irregularity, impropriety or non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the board of Trustees and DfE.

STATEMENT OF TRUSTEES' RESPONSIBILITIES
FOR THE YEAR ENDED 31 AUGUST 2025

The Trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for preparing the Trustees' report and the financial statements in accordance with the Academies Accounts Direction published by the Department for Education, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the Trustees to prepare financial statements for each financial year. Under company law, the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP 2019 and the Academies Accounts Direction 2024 to 2025;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from ESFA/DfE have been applied for the purposes intended.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF OUR
LADY OF LOURDES CATHOLIC MULTI-ACADEMY TRUST**

Opinion

We have audited the financial statements of Our Lady of Lourdes Catholic Multi-Academy Trust (the 'trust') for the year ended 31 August 2025 which comprise the Statement of financial activities, the Balance sheet, the Statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', the Charities SORP 2019 and the Academies Accounts Direction 2024 to 2025 issued by the Department for Education.

In our opinion the financial statements:

- give a true and fair view of the state of the Trust's affairs as at 31 August 2025 and of its incoming resources and application of resources, including its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities SORP 2019 and the Academies Accounts Direction 2024 to 2025 issued by the Department for Education.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Trust's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF OUR
LADY OF LOURDES CATHOLIC MULTI-ACADEMY TRUST (CONTINUED)**

Other information

The other information comprises the information included in the Annual report other than the financial statements and our Auditors' report thereon. The Trustees are responsible for the other information contained within the Annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees' report including the Strategic report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- the Trustees' report and the Strategic report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the Trust and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' report including the Strategic report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of trustees' responsibilities, the Trustees (who are also the directors of the Trust for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

**INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF OUR
LADY OF LOURDES CATHOLIC MULTI-ACADEMY TRUST (CONTINUED)**

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Based on our understanding of the trust and industry, key laws and regulations that we identified included the Companies Act, Charities SORP and guidance included within the Academy Trust Handbook and Academies Accounts Direction.

We identified that the principal risk of fraud or non-compliance with laws and regulations related to:

- management bias in respect of accounting estimates and judgements made
- management override of controls
- posting of unusual journals or transactions
- non-compliance with the Academy Trust Handbook and Academies Accounts Direction

We focussed on those areas that could give rise to a material misstatement in the Trust financial statements. Our procedures included, but were not limited to:

- Enquiry of management and those charged with governance/review of correspondence around actual and potential litigation and claims, including instances of non-compliance with laws and regulations and fraud;
- Reviewing legal expenditure in the year to identify instances of non-compliance with laws and regulations and fraud and enquiries with third party advisors about potential claims
- Reviewing financial statement disclosures and testing to supporting documentations to assess compliance with applicable laws and regulations.
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias. In particular in relation to the LGPS valuation.
- A separate limited scope regularity review has been undertaken in respect of compliance with the Academy Trust Handbook and our report in respect of this is contained within these financial statements;

It is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO OUR LADY OF LOURDES CATHOLIC MULTI-ACADEMY TRUST AND THE SECRETARY OF STATE FOR EDUCATION

In accordance with the terms of our engagement letter dated 1 August 2025 and further to the requirements of the Department for Education (DfE) as included in the extant Framework and Guide for External Auditors and Reporting Accountants of Academy Trusts 2024 to 2025, we have carried out an engagement to obtain limited assurance about whether anything has come to our attention that would suggest, in all material respects, the expenditure disbursed and income received by Our Lady of Lourdes Catholic Multi-Academy Trust during the year 1 September 2024 to 31 August 2025 have not been applied to the purposes intended by Parliament and that the financial transactions do not conform to the authorities which govern them.

This report is made solely to Our Lady of Lourdes Catholic Multi-Academy Trust and the Secretary of State for Education in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to Our Lady of Lourdes Catholic Multi-Academy Trust and the Secretary of State for Education those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Our Lady of Lourdes Catholic Multi-Academy Trust and the Secretary of State for Education, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of Our Lady of Lourdes Catholic Multi-Academy Trust's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of Our Lady of Lourdes Catholic Multi-Academy Trust's funding agreement with the Secretary of State for Education dated 15 August 2011 and the Academy Trust Handbook, ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the extant Framework and Guide for External Auditors and Reporting Accountants of Academy Trusts. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2024 to 31 August 2025 have not been applied for the purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Framework and Guide for External Auditors and Reporting Accountant of Academy Trusts issued by DfE, which requires a limited assurance engagement as set out in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the Trust's income and expenditure.

The work undertaken to draw our conclusion was as follows:

- planned our assurance procedures including identifying key risks;
- carried out a programme of substantive testing, including review of the programme of work and findings in relation to internal scrutiny;
- undertook controls testing where considered appropriate;
- concluded on the procedures undertaken.

Conclusion

In the course of our work, nothing has come to our attention which suggest in all material respects the expenditure disbursed and income received during the year 1 September 2024 to 31 August 2025 has not been applied for the purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2025

1. Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgments and key sources of estimation uncertainty, is set out below.

1.1 Basis of preparation of financial statements

The financial statements of the Trust, which is a public benefit entity under FRS 102, have been prepared under the historic cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2024 to 2025 issued by DfE, the Charities Act 2011 and the Companies Act 2006.

Our Lady of Lourdes Catholic Multi-Academy Trust meets the definition of a public benefit entity under FRS 102.

The financial statements are prepared in Sterling which is the functional currency of the company rounded to the nearest £1,000.

1.2 Going concern

The Trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Trust to continue as a going concern. The Trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the Trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the Trust's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Income

All incoming resources are recognised when the Trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

• **Grants**

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance Sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of Financial Activities in the year for which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the Balance Sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

• **Donations**

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

1.3 Income (continued)

• **Other income**

Other income, including the hire of facilities, is recognised in the year it is receivable and to the extent the Trust has provided the goods or services.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

1.4 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

• **Expenditure on raising funds**

This includes all expenditure incurred by the Trust to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

• **Charitable activities**

These are costs incurred on the Trust's educational operations, including support costs and costs relating to the governance of the Trust apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

1.5 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the Trust; this is normally upon notification of the interest paid or payable by the institution with whom the funds are deposited.

1.6 Taxation

The Trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the Trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

1.7 Intangible assets

Intangible assets costing £5,000 or more are capitalised and recognised when future economic benefits are probable and the cost or value of the asset can be measured reliably.

Intangible assets are initially recognised at cost and are subsequently measured at cost net of amortisation and any provision for impairment.

Amortisation is provided on intangible assets at rates calculated to write off the cost of each asset on a straight-line basis over its expected useful life.

Amortisation is provided on the following basis:

Computer software	- 20 % straight line
-------------------	----------------------

1.8 Tangible fixed assets

Assets costing £5,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of financial activities and carried forward in the Balance sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of financial activities.

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost of these assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold property	- 50 years straight line
Long-term leasehold property	- Between 3 and 50 years straight line
Furniture and equipment	- 5 years straight line
Computer equipment	- 3 years straight line
Motor vehicles	- 5 years straight line

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use and reclassified to freehold or leasehold land and buildings.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of financial activities.

Some land and buildings occupied by the constituent academies are under a church settlement agreement. Under these agreements the land and buildings are not included on the balance sheet of the Academy Trust. No charge is made in the Statement of Financial Activities to reflect the use of these land and buildings as the rent is at a peppercorn rate. Improvements to these buildings are included within the Statement of Financial Activities as Donations to the Nottingham Roman Catholic Diocesan Education Service for building works.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2025

1. Accounting policies (continued)

1.9 Investments

Current asset investments are cash on deposit with a maturity of less than one year held for investment purposes rather than to meet short-term cash commitments as the fall due.

1.10 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1.11 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.12 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.13 Liabilities

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the Trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

1.14 Financial instruments

The Trust only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the Trust and their measurement bases are as follows:

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 17. Prepayments are not financial instruments.

Cash at bank and current asset investments are classified as a basic financial instruments and are measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in notes 19 and 20. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

1.15 Operating leases

Rentals paid under operating leases are charged to the Statement of financial activities on a straight line basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2025

1. Accounting policies (continued)

1.16 Pensions

Retirement benefits to employees of the Trust are provided by the Teachers' Pension Scheme ("TPS") and the Local Government Pension Scheme ("LGPS"). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the Trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each Balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of financial activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

1.17 Agency arrangements

The Academy Trust acts as an agent in distributing 16-19 bursary funds from DFE. Payments received from DFE and subsequent disbursements to students are excluded from the statement of financial activities as the trust does not have control over the charitable application of the funds. The trust can use up to 5% of the allocation towards its own administration costs and this is recognised in the statement of financial activities. The funds received and paid and any balances held are disclosed in the notes to the accounts.

1.18 Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Trust at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Department for Education Group.

Investment income, gains and losses are allocated to the appropriate fund.

2. Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The Trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 30, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2022 has been used by the actuary in valuing the pensions liability at 31 August 2025. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

Critical areas of judgment:

As a result of the current market conditions factored into the assumptions applied by the LGPS scheme actuary, the actuarial valuation at the year-end has resulted in a surplus position as at 31 August 2025. The recognition of a surplus should only be made to the extent that an employer can expect to secure future economic benefit from it, either by paying a reduced rate of contributions or taking a refund. Management have assessed both considerations and concluded the following:

- Based on historic practices and estimations for future contribution rates, management do not consider there to be a reasonable expectation that there will be a position where the current cost of accrual will exceed the minimum funding requirement (primary contributions).
- The availability of any potential cash refund once all liabilities have been paid is based on several unpredictable future outcomes set out in the scheme rules that cannot be reasonably assumed at this stage. As a result, management consider there to be a very low possibility of a cash refund.

As a result of the above and taking account of the pension scheme actuary's asset ceiling calculations, the closing surplus balance has been restricted to a value of "nil" with the derecognition adjustment shown as "other recognised gains/losses" in the Statement of Financial Activities.

13. Trustees' remuneration and expenses

During the year, no Trustees received any remuneration or other benefits (2024 - £NIL).

During the year ended 31 August 2025, expenses totalling £1,246 were reimbursed or paid directly to 3 Trustees (2024 - £1,439 to 4 Trustees).

14. Trustees' and Officers' insurance

The Trust has opted into the Department of Education's risk protection arrangement (RPA), an alternative to insurance where UK government funds cover losses that arise. This scheme protects Trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business, and provides cover up to £10,000,000. It is not possible to quantify the Trustees and officers indemnity element from the overall cost of the RPA scheme membership.

The specific purposes for which the funds are to be applied are as follows:

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objectives of the Trust at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to a specific capital purpose imposed by the Department for Education where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise of all other restricted funds received and include grants from the Department for Education and will only be used for the purpose that the grants were intended. The main grant received within these funds is the GAG.

Transfers of funding from restricted fixed asset funds to restricted funds relate to donations to NRCDES for works on assets occupied but not owned by the Trust. Transfers from unrestricted funds are required to offset the restricted expenditure which exceeded restricted income for the year.

Under the funding agreement with the Secretary of State, the Trust was not subject to a limit on the amount of GAG it could carry forward at 31 August 2025.

Total funds analysis by academy

Fund balances for each academy at 31 August 2025 and 31 August 2024 were zero, hence a breakdown by academy is not included in these accounts.

The Academy Trust operates a pooled budget as a single reporting entity, in accordance with the DfE, which considers the funding needs and allocations of each constituent academy.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2025

30. Pension commitments

The Trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Nottinghamshire County Council, Derbyshire County Council, East Riding of Yorkshire Council and Lincolnshire County Council. Both are multi-employer defined benefit schemes.

The latest actuarial valuation of the TPS related to the period ended 31 March 2020 and of the LGPS 31 March 2022.

Contributions amounting to £1,578,000 were payable to the schemes at 31 August 2025 (2024 - £1,498,000) and are included within creditors.

Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to ensure scheme costs are recognised and managed appropriately and the review specifies the level of future contributions.

Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2020. The valuation report was published by the Department for Education on 27 October 2023, with the SCAPE rate, set by HMT, applying a notional investment return based on 1.7% above the rate of CPI. The key elements of the valuation outcome are:

- Employer contribution rates set at 28.68% of pensionable pay (including a 0.08% administration levy). This is an increase of 5% in employer contributions and the cost control result is such that no change in member benefits is needed.
- Total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £262,000 million and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £222,200 million, giving a notional past service deficit of £39,800 million.

The result of this valuation will be implemented from 1 April 2024. The next valuation result is due to be implemented from 1 April 2028.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2025**

30. Pension commitments (continued)

The employer's pension costs paid to TPS in the year amounted to £10,093,756 (2024 - £8,759,577).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website (<https://www.teacherspensions.co.uk/news/employers/2019/04/teachers-pensions-valuation-report.aspx>).

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The academy trust is unable to identify its share of the underlying assets and liabilities of the plan. Accordingly, the academy trust has taken advantage of the exemption in FRS 102 and has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy trust has set out above, the information available on the scheme.

Local Government Pension Scheme

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2025 was £5,471,000 (2024 - £5,196,000), of which employer's contributions totalled £4,311,000 (2024 - £4,091,000) and employees' contributions totalled £1,160,000 (2024 - £1,105,000). The agreed contribution rates for future years are 20.8 per cent for employers and 5.5% to 12.5% per cent for employees.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013 and on 21 July 2022, the Department for Education reaffirmed its commitment to the guarantee, with a parliamentary minute published on GOV.UK.

As a result of the current market conditions factored into the assumptions applied by the LGPS scheme actuary, the actuarial valuation at the year-end has resulted in a surplus position for the Trust. The recognition of a surplus under FRS102 should only be made to the extent that an employer can expect to secure economic benefit from it, either by paying a reduced rate of contributions or taking a refund. Management have assessed both considerations and concluded the following:

- Based on historic practices and updates on future expectations from the administering authority, management do not anticipate that the next actuarial valuation will result in a reduction to contributions due to current market conditions.
- The availability of any potential cash refund once all liabilities have been paid is based on several unpredictable future outcomes set out in the scheme rules that cannot be reasonably assumed at this stage. As a result, management consider there to be a very low possibility of a cash refund.

As a result of the above and taking account of the pension scheme actuary's asset ceiling calculations, the closing surplus balance has been restricted to a value of "nil" with the derecognition adjustment shown as "other recognised gains/losses" in the Statement of Financial Activities.
